CV Tips

- Zero spelling, grammar, punctuation mistakes.
- Minimum acronyms.
- No paragraphs, just short statements.

Video CV

- A video CV is a short visual recording used by a candidate to apply for a job.
- The video CV allows prospective employers to see and hear applicants, and get a feel for how applicants present themselves.

Video CV Tips

- Don't attempt to film the video without a script.
- Plan the location of your video.
- Plan your outfit in advance.
- Start by introducing yourself, explaining why you're the right person for the job.

Video CV Tips

Cont'd

- Talk about your unique selling points and any relevant skills and experience.
- Using a low-quality camera is the equivalent of handing in your CV scribbled onto a napkin.
- The audio must be perfect. Employers will switch off if they can't hear what you're saying.

Personal Branding

Personal Brand

Is what people hear about you *before* they meet you.

Personal Branding

Is the conscious and intentional effort to create and influence public perception of an individual by positioning them as an authority in their industry, elevating their credibility, and differentiating themselves from the competition to advance their career.

Personal Branding

Cont'd

- A personal brand is how you **market yourself** and how you **present your value** to others:
 - What makes you unique (strengths, skills, and experiences)?
 - Your competitive edge that can differentiate you from the competition and allow you to build trust with potential clients and employers.

► How Does It Relate...

- Strong, positive personal brand will create career opportunities.
- People will want you on their team.
- You become known for what you're good at.
- Personal brands are powerful because it sends a clear, consistent message about who you are and what you have to offer.

Build Your Brand, Secure The Benefits

- Start thinking of yourself as a brand.
- Google yourself.
- Complete your social profiles.
- Include links to your work samples and achievements.
- Associate with other strong brands.
- Use LinkedIn's recommendations.

Build Your Brand, Secure The Benefits

Cont'd

- Audit your online presence and be purposeful in what you share.
- Consider the frequency and the quality of photos and videos you share.
- Never share rumors or repost news from non-credible sources.
- Appearance on social network profiles matters.

Build Your Brand, Secure The Benefits

Cont'd

- Choose your profile photo wisely:
 - Make sure your headshot is a close-up, clear and well-composed.
 - No one else but you should be in the photo.
 - Don't substitute for drawing or cartoon (unless you are an artist or cartoonist). Use an actual photo of you.
 - Dress appropriately.

Your Brand

“

There are four ways, in which we have contact with the world. We are evaluated and classified by these four contacts: what we do, how we look, what we say and how we say it.

”

Dale Carnegie

Your Brand

Cont'd

Whether you're on the job hunt, a student, or gainfully employed, you must think, act, and plan like a business leader. With the surge of social media, you have not only the ability, but you now have the need to manage your own reputation, both online and in real life.

Employers will Google you before they even invite you to an interview. And when you interact with people, both online and offline, they'll build up an image of who you are over time.

Optimizing Your CV

Test your CV against ATS

You need two things:

- 1- CV in DOCX, TXT or PDF format
- 2- Job Advertisement including Job Description and Job Specification

The screenshot shows the Jobscan dashboard with two main steps for scanning:

- STEP 1: PASTE OR UPLOAD RESUME**
 - Text: "Paste your resume"
 - Large blue arrow pointing to the input area: "Your CV"
 - Link: "Clear resume"
- STEP 2: PASTE JOB DESCRIPTION**
 - Text: "Paste the entire job description text - Exclude the 'About company' section, but include the job title."
 - Large blue arrow pointing to the input area: "Job Advertisement (Job Description + Job Specification)"
 - Link: "Clear job description"

A blue "SCAN" button is located at the bottom center of the dashboard.

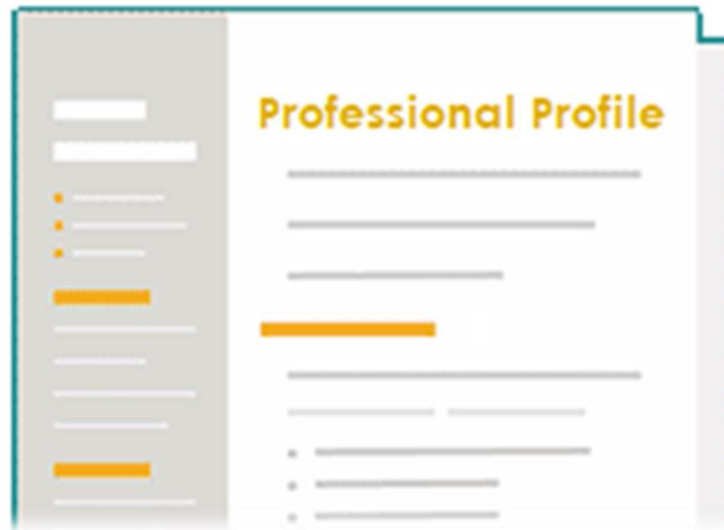

Tips To Pass ATS Scan

To beat the ATS:

- Never convert your CV to image extension (JPEG, PNG, BMP, etc.)
- Use traditional fonts (Calibri, Arial, Tahoma, Candara, etc.)
- Don't use logos.
- Don't use acronyms, use full titles instead
- Always check spelling

Professional Profile/ Summary

- Profiling your key qualifications for the job on your CV.
- Explaining what you have to offer the employer and can help sell your candidacy.

Writing A Professional Profile/ Summary

For CV:

- Keep your profile concise (four sentences / 50-80 words)
- Focus on the job listing
- Include achievements relevant to the job industry (quantifiable)
- Choose words carefully, avoid metaphors and vague language.
- Label your profile section professionally
- Please don't copy someone else's profile!

Illegal Questions! *The Right Answer*

You have 3 Options for answering:

- You are free to answer the question
- You can refuse to answer the question
- Examine the intent behind the question and respond with an answer as it might apply to the job

► Tips For Interviewees

“ *First Impressions are important* ”

Personal Statement

- Choose the right starting point for your story:
 - If you're a recent graduate: Start with the fact that you just graduated, and explain why you chose this career path or field of area of study.
 - If you have work experience, start with the moment you graduated and walk them through your employment experience since then.
- Tailor your answer to the role and company, and don't just repeat what's written in your CV!

Personal Statement

Cont'd

- Mention proven successes and impressive accomplishments as they relate to the position.
- Do not talk about your personal or family life, keep your answer work-related and professional.
- Make it approximately two minutes.
- Inject some passion into your answer.
- Remember this is often your first impression, and it matters.
- Rehearse.
